

INTRODUCING THE AWARD-WINNING

ACTIVPANEL™

the intelligently designed,
connected hub of the
Modern Classroom

www.PrometheanWorld.com

THE WORLD'S FIRST UPGRADEABLE ANDROID-BASED INTERACTIVE DISPLAY

The all-new intelligent Promethean ActivPanel is powered by ActivConnect, a revolutionary, upgradeable Android-based Mini PC. As well as enabling schools to keep pace with advances in computing technology over time, this powerful combination delivers a range of positive teaching, learning and technology benefits:

Apps directly accessible from the home screen

Connecting teachers to the vast, ever expanding world of educational apps, the ActivPanel makes it easier than ever to access these.

Mirror and share work

With controlled, multi device mirroring, the ActivPanel supports a range of teaching approaches. Plus dual network capability and wi-fi spot connectivity make it a flexible addition to existing IT infrastructure.

Connect learning devices to lessons

The ActivPanel supports the connection of Bluetooth devices including musical keyboards and robots, ultimately helping teachers to harness the power of the increasingly popular 'Internet of Things'.

Education's most elegant writing experience

With Innovative InGlass™ Touch and Writing Technology, the ActivPanel creates an elegant writing experience. Using the touch differentiated, battery free pen, teachers and students can seamlessly and precisely collaborate at the ActivPanel.

- Offers a naturally smooth writing experience with no script-lag or response delays
- Features a digital whiteboard for free-form writing with save and send capability
- Converts handwriting and equations to text and enables intuitive palm erase

Next generation interactive software

ClassFlow – the free, next generation interactive lesson delivery software trusted by teachers worldwide – is now available to access offline*... but only with the ActivPanel.

- Work offline or online using the easy-to-use interface
- Create, open, and present interactive lessons - supports popular file formats
- Write and draw using the instant whiteboard, annotate over content, and save and share work
- Send quizzes, polls, activities, and screenshots to student devices

THE AWARD-WINNING INTERACTIVE DISPLAY FOR THE MODERN CLASSROOM

Interactive lessons

Available in 70" HD, 75" HD, 75" 4K, and 86" 4K displays with simultaneous touch points and pens.

Brilliant picture quality

Stunning HD and 4K displays with crisp detail and bright colours. The built-in light adjuster provides the best possible lighting when interacting and viewing.

Future-ready connectivity

The ActivPanel offers a variety of ports for convenient peripheral connectivity, including HDMI ports, USB touch, OPS, VGA, Audio, and more.

Powerful stereo sound

The ActivPanel's built-in, front-facing speakers fill the classroom with deep, crystal-clear sound.

Versatile mounting options

Use the fixed wall mount included, or select from an adjustable wall mount, adjustable mobile stand, or non-adjustable mobile stand.

Protect your technology investment

Our upgradeable solution combined with a comprehensive multi-year warranty ensures an excellent return on investment for years to come.
